\*If an invoice received is incomplete example without purchase or work order, the invoice will be returned for compliance, which may result in delay of payment.

### Requirements for electronic invoicing

- All invoices must be submitted in pdf format.
- Invoice must be present on page one and contain minimum information (see page 1).
- Invoices must be clear and readable, i.e. black text on white background - no grey areas allowed.
- Invoice and supporting documents must be delivered in same file.
- Each pdf must only contain ONE invoice with supporting documents.
- We do not accept folders, subfolders, or zip compressed files.
- We encourage that pdf files do not exceed 5 Mb, and no more than ONE invoice is submitted per e-mail.

### Purchase and work order number

Purchase and work order number is a unique number sent to our vendors for each order. We normally e-mail purchase and/or work order number to our vendors, however occasionally the purchase and/or work order number is stated by purchasing officer and then followed up by written PO.

Purchase orders always start with one and has 6 digits (PJDE#136252).

Work orders have 5 digits (PJDE#52596).

Purchase and work order can be combined (PJDE#52596-136252 or PJDE#136252-52596).

We will issue purchase order via mail, fax or e-mail dependent on the information submitted via vendor application / update (Available upon request to [account@pjdiesel.dk](mailto:account@pjdiesel.dk)). In order to check or update vendor information please contact purchasing officer for submission of new form or update.
